

### Remember to start with general questions about the picture

- ✚ Do you know what fruit the house is made from?
- ✚ Who do you think might live in the house? Why?
- ✚ What is underneath the apple?

### Put your “Llygaid Mathemateg” on. What do you see now?

- ✚ How many books can you see?
- ✚ What shapes can you see on the door?
- ✚ What shapes can you see on the window?
- ✚ Can you see any right angles?
- ✚ How many doors tall do you think the apple is?
- ✚ Do you think the apple is heavier or lighter than a book? Explain your thinking.
- ✚ Do you think all the books are the same size? Explain your thinking.
- ✚ Can you use mathematical language to describe where the apple is in the picture? Where the window is on the apple?
- ✚ What 3D shapes do you think are similar to the books? To the apple?
