

### Remember to start with general questions about the picture

- ✚ Why do you think the house has been made from an apple?
- ✚ Who do you think might live in the house? Why?
- ✚ What do you think this picture has to do with going back to school?

### Put your “Llygaid Mathemateg” on. What do you see now?

- ✚ How shapes could the books be/not be?
- ✚ Can you see any parallel lines? Perpendicular lines?
- ✚ Can you find and sketch the quadrilaterals?
- ✚ Can you see any squares? Discuss.
- ✚ Can you see any acute, right, obtuse or reflex angles?
- ✚ What unit would you use to measure the apple? The books?
- ✚ Estimate how tall the apple is. Can you give your answer in 3 different ways?
- ✚ Do you think the apple is heavier or lighter than a book? Explain your thinking.
- ✚ Do you think all the books are the same size? Explain your thinking.
- ✚ Can you find a quadrilateral shape without parallel lines?
