Remember to start with general questions about the picture

- What do you think this is a picture of?
- Where might it have been taken?
- Why are there Remembrance Wreaths in the picture?

Put your "Llygaid Mathemateg" on. What do you see now?

- What is the largest rectangle you can see?
- How many circles can you see?
- What is the smallest circle you can see?
- Can you find any right angles on the face?
- Do you think the face is taller or smaller than you?
- Can you describe where the face has been placed in the stone circle?
- How many wreaths long do you think the face is?
- Do you think that you could lift the face?
- How many Remembrance Wreaths can you see?
- Is there an odd or even number of wreaths?
- If there was one less wreath, how many wreaths would there be?
- Can you show me the 4th wreath from the left?
- How many crosses can you find? Describe where they are.
